How to read this guide

Each section explains one part of Earnships: what it is, who can use it, how it works step by step, and the rules that apply. Amounts shown are the current settings; the site team can change them in the admin panel, and the live website always shows the latest figures.

01

About Earnships

Earnships.com is a news and knowledge platform where members get paid for the time and effort they put in: reading articles, publishing articles, writing guest posts and inviting friends.

Read & Earn

Finish articles and claim a cash reward for each one, credited straight to your balance.

Publish & Earn

Members on a paid plan publish their own articles and earn from every unique view they receive.

Guest Post Rewards

Submit a high-quality guest post; articles that score 95+ in the editorial review earn a reward payment.

Network Vouchers

Buy any plan and get a discount voucher instantly. Every person in your network who subscribes earns you another voucher.

What you can read

- **News & articles:** Article, NEWS, Health Articles, Technology and the community Guest Post category.
- **Premium articles:** Available to members with an active subscription plan.
- **Exclusive articles:** Individual articles that can be unlocked with a one-time purchase.
- **Downloads & gallery:** Subscriber-only downloads, image gallery and multimedia posts.

One balance for everything

Every cash earning pays into a single account balance: reading rewards, author view earnings and guest post rewards. Network Rewards are paid as discount vouchers, stored in your account. Members can see the balance on the home page and in Account Settings, and withdraw it with a payout request (see section 8).

02

Membership Plans

Joining Earnships is free. A paid plan unlocks premium content, article publishing, higher reading reward tiers and an ad-free experience.

Feature	Bronze	Silver (Most Popular)	Gold
Price	\$10 / month	\$50 / month	\$200 / month
Articles you can publish	2 per day	10 per day	25 per day
Earn cash rewards for reading	Yes	Yes	Yes
Access to premium articles	Yes	Yes	Yes
Ad-free experience	-	Yes	Yes
Early access to new articles	-	Yes	Yes (+ new features)
Member badge on profile	Bronze badge	Silver badge	Gold badge
Subscriber-only downloads	Yes	Yes	Yes
Support	Priority email	Priority email	First-class priority
Cancel anytime	Yes	Yes	Yes

Plan descriptions

- **Bronze** - Start your premium journey. Support Earnships and unlock exclusive member perks at an entry-level price.
- **Silver** - The most popular plan. A completely ad-free reading experience plus everything in Bronze.
- **Gold** - The ultimate Earnships membership: maximum recognition, zero ads and first-class support.

How subscribing works

- 1 Choose a plan**
Open Subscribe (Subscription > Plans) and select Bronze, Silver or Gold.
- 2 Apply a coupon (optional)**
Enter a discount code such as a welcome or referral voucher at checkout.
- 3 Pay**
Pay with any enabled payment method (card, PayPal, crypto, bank transfer and more; see section 9).
- 4 Enjoy your benefits**
Your plan activates immediately after the payment is confirmed. Bank transfers activate after the team verifies the transfer.

5

Receive your instant voucher

Right after your plan activates you receive a discount voucher by email and in your account, and your Network Rewards start (section 7).

Subscribing also upgrades your reading rewards

A subscriber is placed on the Reading Rewards tier with the same name as their plan (for example, Silver). If the tier you already earned by reading pays more, you keep that one. Subscribing never lowers your reading tier.

03

Ways to Earn - Overview

There are four ways to earn on Earnships. They can be combined, and all of them pay into the same balance.

Earning way	Who can use it	How you earn	Paid as
Reading Rewards	All registered members (free or paid)	Read an article for the minimum time, reach the end and claim	Cash to balance, amount per tier
Author view earnings	Members on a plan that allows publishing (and enabled for rewards)	Earn for every unique view of your published articles	Cash to balance, a fixed amount per 1,000 views
Guest post rewards	All logged-in members	Publish an approved guest post that scores 95+	Cash reward to balance
Network Rewards	All members; starts instantly when you buy a plan	Instant voucher on purchase, plus one voucher for every member of your network who subscribes	Discount vouchers (coupons)

Start from \$0

You do not need to pay anything to start earning. Create a free account (or sign in with Google in one tap), open any article and follow the Reading Rewards box at the end of the article.

04

Reading Rewards

Members are paid for reading. Each finished article earns a reward based on the reader's tier (Reader Profile).

How it works

1

Log in

Reading rewards are only for registered members. Guests see a "Log in" prompt in the reward box.

2

Open an article and read

A timer starts when the article opens. Read for at least the minimum reading time (currently 60 seconds).

3

Reach the end

Scroll to the Reading Rewards box at the end of the article. When the timer is complete it shows "Your reward is ready!"

4

Claim

Press the unlock button. The reward is added to your balance instantly.

5

Next article

A panel offers your next unread article (same category first) and opens it automatically after a short countdown, or after your tier's wait time.

Reader Profiles (tiers)

Every member is on a tier. Higher tiers pay more per article and allow more articles per day. You move up by lifetime rewarded reads, or immediately by subscribing to the plan with the same name.

Tier	How you get it	What improves
Free	Every new member starts here (for example 5 rewarded articles per 24 hours)	Entry-level reward per article
Bronze	Subscribe to Bronze, or reach the required number of rewarded reads	Higher reward per article and more articles per day
Silver	Subscribe to Silver, or reach the required number of rewarded reads	Higher again, with a bigger daily quota
Gold	Subscribe to Gold, or reach the required number of rewarded reads	The highest reward per article and daily quota

See your exact figures

Your current tier, reward per article, daily quota, wait time and progress to the next tier are always shown in Account Settings > Reading Rewards and in the reward box at the end of every article.

Rules

- **One reward per article:** each article can be rewarded only once per member.
- **Minimum reading time:** measured by the server from when the article was opened. Claims made too quickly are refused.
- **Rolling 24-hour limit:** the daily quota is counted over the last 24 hours, not per calendar day. When it is used up, a countdown shows exactly when the next reading session starts (24 hours after your last reward).
- **Next Reading Start:** some tiers have a wait between rewarded reads. Reading time only counts after the wait has finished.
- **Published articles only:** rewards are paid on live, published articles.
- **Session required:** if your session expires, reload the article and read again before claiming.
- **Fair use:** automated reading, multiple accounts or any attempt to game the timer can lead to rewards being cancelled and the account suspended.

05

Publish Articles & Author Earnings

Members on a paid plan can publish their own articles and earn from the readers they bring in.

Publishing limits

Plan	Articles per day	Earns from views
Bronze	2	Yes
Silver	10	Yes
Gold	25	Yes

How view earnings are calculated

- **Rate:** authors earn a fixed amount per 1,000 views; each counted view adds 1/1,000 of that amount to the balance straight away.
- **Unique views only:** one view per visitor, per article, per day. Refreshing the page does not add views.
- **No bots:** search engines and bots are never counted.
- **Privacy friendly:** views are verified with an anonymous hash; raw IP addresses are not stored.
- **Eligibility:** the earnings system must be enabled for the author account by the site team.

Tip

Share your articles on social media and in groups. Every unique visitor that reads your article adds to your earnings.

06

Guest Posts (Write for Us)

Any logged-in member can submit a free guest post on the Write for Us page. Top-quality articles earn a reward payment.

Guidelines

- **Original:** your own work, not published anywhere else.
- **Length:** at least 1,000 words, with headings and short paragraphs.
- **Links:** up to 2 outbound links, only where they help the reader. All links are marked nofollow.
- **Category:** published in the Guest Post category. Off-topic, promotional or AI-spun content is rejected.
- **FAQs:** add 5 FAQs (question and answer); they are published below your article and do not count toward the word minimum.
- **One at a time:** you can have 1 submission waiting for review.

Review and reward

- 1 Submit**
Send your article, summary, tags, bio and FAQs with the form.
- 2 Editorial review**
Editors check quality and may make small edits.
- 3 Score**
Each approved article receives a quality score from 0 to 100.
- 4 Reward**
Articles scoring 95 or higher earn a reward payment, added to your balance.
- 5 Notification**
You get an email when it goes live, or the reason if it is rejected.

07

Network Rewards (Vouchers)

Earnships grows through its members. Buy a plan and you are rewarded instantly; then every person you bring in who subscribes adds another voucher. The bigger your network, the more vouchers you collect.

1. Instant voucher

Buy any plan, starting with Bronze at \$10 per month, and a discount voucher is added to your account immediately after payment.

2. Network vouchers

Share your personal link. Each person who joins through it and buys a plan earns you one more voucher.

3. Grow and collect

There is no limit on how many people you invite, so your vouchers keep growing with your network.

4. Use or keep

Use your vouchers on your next plan renewal or upgrade, or on premium content, before they expire.

How your network grows your vouchers

Your network	Vouchers you receive
You buy a plan	1 instant voucher
1 invited member subscribes	+1 network voucher
5 invited members subscribe	+5 network vouchers
10 invited members subscribe	+10 network vouchers
Every further subscriber	+1 voucher each time, with no upper limit

Step by step

1

Buy a plan

Choose Bronze, Silver or Gold. Your instant voucher arrives by email and in your account.

2

Get your link

Account Settings > Referrals shows your 8-character code and link. The Promotions page gives ready-made images and captions to share.

3

Share

A visit through your link is remembered for 30 days.

4

They join and subscribe

When someone you invited completes their first paid plan, they join your network.

5

Voucher delivered

Your new voucher arrives by email and appears in your account. The new member also gets a welcome voucher.

Voucher rules

- **Personal:** each voucher is issued to your account and can only be used by you.
- **Single use:** one voucher per order; vouchers cannot be combined.
- **Limited time:** each voucher has an expiry date, shown in your account and in the email.
- **Your plan matters:** the discount on network vouchers can be higher for members on higher plans.
- **Paid members only count:** sign-ups alone do not create vouchers; the invited person must buy a plan. This keeps the system fair and free of fake accounts.
- **No cash value:** vouchers are discounts on Earnships purchases and cannot be withdrawn as money.

Good to know

Network Rewards are one level only: you are rewarded for the people you personally invite. There are no joining fees and no obligation to recruit; you can earn on Earnships just by reading and writing.

08

Balance & Payouts

All earnings are collected in your balance. You can withdraw it with a payout request.

Payout method	Minimum withdrawal	Status
PayPal	Shown in your account	When enabled
Bitcoin	Shown in your account	When enabled
IBAN (bank transfer)	Shown in your account	When enabled
SWIFT (international bank)	Shown in your account	When enabled

Payout rules

- **Set up your method:** add your PayPal email, wallet or bank details in Account Settings first.
- **Minimum amount:** each method has its own minimum withdrawal.
- **Up to your balance:** you cannot request more than your current balance.
- **One request at a time:** a new request can be made after the previous one is completed.
- **Manual approval:** the finance team reviews and pays each request; the status is shown in your payout history.

09

Payments, Coupons & Content Access

How members pay for plans and content, and how discount coupons work.

Payment methods

The site supports Stripe (cards), PayPal, Razorpay, Paystack, Iyzico, Mercado Pago, PayTabs, NOWPayments (cryptocurrency) and Bank Transfer. Only the methods switched on by the site team are shown at checkout.

- **Bank Transfer:** choose a bank, transfer the amount with the reference shown, and submit. The plan activates once the transfer is verified.
- **Invoices:** every completed order has a downloadable invoice.

Coupons and offers

- **Welcome offer:** WELCOME50 gives 50% off the first subscription (promoted in the site popup).
- **Instant plan voucher:** every plan purchase gives you a discount voucher straight away (section 7).
- **Network vouchers:** earned each time someone in your network subscribes (section 7).
- **Coupon rules:** coupons can be limited to one member, to subscriptions or content, to specific plans, by expiry date and by number of uses. One coupon per order.

Content access

Content type	Who can read it
Free articles	Everyone
Premium articles	Members with an active subscription plan
Exclusive articles	Anyone who unlocks the article with a one-time purchase (shown in Purchased Content)
Subscriber downloads	Members with an active subscription plan

10

Account, Support & Features

Everything else that makes Earnships easy to use.

Google sign-in

Continue with Google, or sign in instantly with the Google One Tap prompt.

Account dashboard

Balance, reading rewards history, payouts, referrals, subscription, billing and purchased content.

Support tickets

Open a ticket from the Contact page and follow replies from the team in one thread.

AI chat assistant

Instant answers about plans, earning and referrals, available on every page.

Newsletter

Latest news and curated updates by email.

Dark mode & app

Switch to dark mode, and install the site on your phone like an app.

Good-conduct rules

- One account per person. Duplicate accounts, bots or scripts are not allowed.
- Rewards are for genuine reading and genuine traffic. Artificial views or reads are removed.
- Published content must be original and follow the editorial guidelines.
- Earnings obtained through abuse can be reversed, and accounts can be suspended.

Need help?

Use the chat assistant for quick answers, or open a support ticket on the Contact page at earnships.com.
